

<b>Name of the Organisation</b>	National Technical University of Ukraine "Kiev Polytechnic Institute"
<b>Organisation Short Name</b>	NTUU "KPI"
<b>Organisation Type</b>	Education
<b>Country</b>	Ukraine
<b>Fields of Activity</b>	Formation of biocompatible hydroxyapatite composite coating reinforced with carbon nanotubes on titanium alloys Biocompatible materials, titanium alloys, coatings, high-energy treatment methods
<b>Skills and Expertise Offered</b>	Coatings, high-energy treatment methods, phase and structure investigation
<b>Keywords</b>	Biocompatible materials, titanium alloys, coatings, high-energy treatment methods
<b>Previous FP Projects Participated</b>	No
<b>Topic(s) Interested</b>	NMP.2012.2.2-1 Biomaterials for improved performance of medical implants
<b>Contact Person</b>	Sidorenko Sergiy
<b>Position in the Organisation</b>	Head of Metal Physic Department
<b>Tel</b>	+38 044 454 91 99
<b>Email</b>	sidorenko@kpi.ua
