

Name of the Organisation	National Technical University of Ukraine "Kiev Polytechnic Institute"
Organisation Short Name	NTUU "KPI"
Organisation Type	Education
Country	Ukraine
Fields of Activity	Virtual International Laboratory in Electron Microscopy for Advanced Materials" (VILEMAM)
Skills and Expertise Offered	The aim of this project is to unite within the region abilities of a number of scientific schools including the NTUU KPI Physic of Metals department in the most effective solution of problems in the area of modern materials and nanotechnologies material science by applying methods of electron microscopy.
Keywords	virtual laboratory, electron microscopy, material science
Previous FP Projects Participated	No
Topic(s) Interested	NMP.2012.1.4-4 Evaluation of EC communication and dialogue on research and innovation in nanotechnologies and design of future needs for the EU (industry and society)
Contact Person	Sergey Sidorenko
Position in the Organisation	The Head of Metal Physic Department
Tel	+38 044 454-91-99
Email	sidorenko@kpi.ua
